

“ON BELAY!”

We are eager to have your group participate in our program. The term “on belay” is a climbing signal that communicates we are ready to proceed and all systems are go. This document will ensure that all necessary administrative details help prepare you, the group leader and the participants for our experiential program.

WHAT THE **GROUP LEADER** NEEDS TO KNOW

Read through the entire packet so you are fully informed about expectations, inclement weather, and legal forms that are mandatory. If you have questions about forms please contact me.

Pre-Assessment Form: completed and faxed, mailed or emailed back to Dan Ashe as soon as possible.

WHAT THE **PARTICIPANTS** NEED TO KNOW

Participants and others who may be with the group on the course or involved with the program **MUST** arrive with their Participant Form (use applicable form for Youth or Adult) completed and turned in to the Lead Facilitator. This helps us follow our medical, insurance, legal and program protocols/procedures.

Participants need to read through page 3 of this packet as it serves to inform them of our program philosophy and safety measures. Please inform your group accordingly.

After reviewing these documents, please don't hesitate to contact me if you have questions. We look forward to serving your organization in the effort to “build better teams!”

On Belay,

Dan Ashe, MIT, CPBA
